TINY'S PROGRAM

ABOUT THE PROGRAM

Bev Palmer Performing Arts is well known for their popular tiny's classes for children 3 to 7 years of age.

We specialise in these classes known as the **TINY'S DANCE PROGRAM** specifically designed for little ones who just love to dance.

Parents love and appreciate our experienced teachers, well organised classes and professional studios. Students in this program are always encouraged to participate and develop their love of dance, music and movement all whilst learning basic technique and good quality training.

Our very experienced teachers confidently guide our youngest students to follow instructions, participate and learn the basic fundamentals of dance.

Our youngest students love learning in a professional dance studio where they can be inspired by the senior students and assistant teachers who become their role models to look up to.
