COMMITMENT

Students must commit to the program for the entire year. Each student of the **ELITE TEAM** is a valuable team member and should only participate in this program if they will fulfil the full year of training and performance expectations.

All students should maintain at least a **95% attendance** rate throughout the entire year. We are passionate about continuing to lift the standard and to do so each parent and student will need to sign an ELITE POLICY contract agreeing to the full commitment of the team.

There is a strict policy which all students are expected to adhere to including notifying reception of any absence that may occur. 100% attendance is required for all team performances and competitions.

All of our dates for the students and parents will be emailed at the beginning of each year to allow parents to plan work and family commitments.

At Bev Palmer Performing Arts we pride ourselves on our students commitment to the team and the community that we share together.

In order to achieve the best possible results with their elite training we believe that all students enrolled in the program must only take classes under our roof and from the teachers provided.

Students are not permitted to dance at other studios or in small company programs whilst enrolled at BPPA. However students may seek approval to attend reputable external dance workshops/ masterclasses.
